Art Unit: 1644

1. This application is a continuation of 08/737,446.
2. Claims 15-35, 37 and 39 are pending.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 20-34 stand rejected under 35 U.S.C. § 102(b) as being anticipated by WO 93/18786. (AL on the IDS), of record for reasons set forth in the Office Action mailed 1-10-2003.

Applicant's arguments filed 8-5-2003 have been fully considered but are not found persuasive.

Applicant argues that the WO 93/18786 patent does not teach treating insulin requiring diabetes as is required by the claimed invention.

However, as disclosed on page 2, lines 10-18, the '786 patent specifically teaches that Type II diabetics when sulfonylureas treatments fail are gradually forced into insulin treatment. So the '786 patent teaches treating diabetes that requires insulin. See also page 12, lines 17-21 of the '786 patent specification.

5. Claims 15-19, 35 and 37 are allowable in their current state and claim 39 is objected as being dependent upon rejected claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
